

BUNYIP & DISTRICT COMMUNITY NEWS

Providing local community news since 1982

Issue 7/2021

bunyipnews.org.au

August 2021

The Bunyip Social Hub with Cherie and Davina would like to thank the Bunyip Community and businesses for their generous donations to the Bunyip Mural Project. The fund raising is going well. Sadly COVID lockdowns has delayed our meeting with Simon from Simon White Art but as soon as we can we will meet with him and discuss the pros and cons. Donations are welcome of any size - Gold coins are welcome, they add up quickly ! People wishing to donate towards this exciting project can by direct debit at BSB 633 000 Acct number 184 807 410 or at the Go Fund Me page , Bunyip Mural Project.

Proudly supported by

About Bunyip News

PO Box 126, BUNYIP VIC 3815 ABN 22 611 767 759

We are a non-profit organisation and our volunteer committee prints each month for 12 editions per year and each newsletter is available to view online or download at www.bunyipnews.org.au. Printed copies are distributed in Bunyip, Garfield, Longwarry and Tonimbuk.

DEADLINE for next issue: 31st of August 2021

PRINT DATE for next issue: 7th of September 2021

Thank You - The volunteer Printers for this issue of the Bunyip News are: - **Syd Lewis, Arthur Porter/Bob Levine**
Coordinator: **Tony Arrigo**

You can leave your ads and news articles in the **collection box**, which is located outside IGA.

Please follow the instructions below to place an ad.

1. Ensure your ad is clearly written or printed.
2. Enclose your ad in a sealed envelope along with correct monies.
3. Write your name, email and/or phone number on the front, along with type of ad required.
4. Place your envelope in the slot before **deadline**.

Advertising is not submitted for publishing unless fully paid in advance. You can pay by PayPal, Electronic Funds Transfer (EFT) and deposit to Bunyip & District Community Bank® Branch account.

**Please support our local advertisers,
as without them there wouldn't be a
community newsletter.
Let them know you found them HERE!**

Is your fireplace safe?

When using your fireplace in the cooler months, it's important that you follow these home fire safety tips.

- 🔥 Always use a fire screen in front of an open fire
- 🔥 Extinguish open fires before leaving home or going to sleep to ensure ashes are cold before discarding.
- 🔥 Children must be supervised near open fires. Maintain a safe distance between children and heating.
- 🔥 Only burn dry, clean wood.

Looking to support your local Fire Brigade?

Orders are being taken now for these fantastic Captain Koala mascots. Christmas, Birthdays?

Price \$20 each

Please send us a private message on our Facebook page or email simon.sharpe@members.cfa.vic.gov.au with quantity and your contact number, we will confirm your order and collection in the coming months.

Electoral Boundaries Commission releases proposed State electoral boundaries

Victoria's Electoral Boundaries Commission (EBC) today released proposed new State electoral boundaries for public comment.

The EBC has been conducting a redivision of electoral boundaries for both Houses of State Parliament to ensure that each vote in Victorian State elections has an equal value and that each elector is represented equally in the Victorian Parliament.

Electoral Commissioner Warwick Gately, one of the three members of the EBC, was pleased with the level of community engagement in the initial consultation period and issued a further call for Victorians to have their say.

'The EBC in December 2020 invited submissions from the public, and received 58 submissions – five from political parties, 15 from organisations and community groups and 38 from individuals,' Mr Gately said.

'Anyone interested in providing comment on the proposed boundaries should lodge a written submission before 5 pm Friday 30 July 2021.'

The proposed boundaries can be downloaded from the EBC website, ebc.vic.gov.au. Written submissions can also be lodged via the website.

The EBC will take account of suggestions and objections, and prepare final boundaries by late October 2021. These boundaries will take effect at the 2022 State election.

Applications now open for beautification grants

Applications are now open for Cardinia Shire Council's 2021-22 Beautification Grants program.

The program provides community groups and individuals with funds for landscape enhancement projects.

Community groups and individuals can apply for dollar-for-dollar grants of up to \$2,000 for projects to beautify local public open spaces across the Shire.

Priority is given to projects that: are driven by community groups, improve the appearance of green, public open space on Council owned or managed land are in areas used frequently by the public such parks, recreation reserves, town centres, and around Council buildings such as community centres and halls are in line with priorities identified in township strategies, landscape master plans, and other strategic Council documents.

Applications close 5pm Monday 6 September 2021.

For more information about project eligibility, timelines and how to apply, visit www.cardinia.vic.gov.au/beautificationgrants

No Waste Cook Club - Zero Waste Cooking workshops

Learn about the impacts of food waste on the environment and valuable tips and tricks for effective meal planning at Council's free zero-waste cooking workshops!

Led by an experienced Open Table facilitator, participants will learn how to save money on grocery bills and waste less food.

There will also be a 'no waste cooking demonstration', using foods that are often thrown away. Attendees will be able to ask questions and share their zero-waste cooking experiences, and will also receive recipes and resources to continue their journey to zero waste!

Workshops will cover:

- Food Waste: a brief overview of the impact of food waste on the environment and exactly how much edible food we waste in the average Australian household.
- Planning: how to effectively meal plan to save on grocery bills and waste less food
- Food storage: easy ways to store food in the pantry, fridge and freezer to achieve maximum freshness and longevity (includes a demonstration of refreshing droopy vegetables)

Event 1

Date: Monday 2 August 2021, 7pm – 8pm

Location: Online webinar

Cost: Free, registration required

Cooking Demo: Leftovers – Frittata - cook along at home

Notes: Please note: This session is a virtual event. You will receive information on how to join via email as well as a list of ingredients and equipment needed to cook along at home.

Garfield Community Garden

Planting guide for **AUGUST** courtesy of Angelo of Deep Green Permaculture.

August – Gardening Calendar for Temperate Australia

<http://deepgreenpermaculture.com/>

It's August, the weather is still cold and windy, but the end of winter is draws near, the days begin to grow noticeably longer and the change of season is not too far away.

This month is the last chance to complete the pruning of deciduous trees and shrubs, and for planting raspberries and brambleberries (such as blackberries and their hybrids).

It's now time to sow the first summer vegetable seeds. Where there's a danger of frost, sow seeds in trays and place them in a protected area such as a veranda, greenhouse, or indoors near a sunny window.

Towards the end of August, feed fruit trees with organic fertiliser, manure and compost. Also dig these into the soil when preparing new garden beds. The soil life will begin working on the organic plant food and will begin to slowly release its nutrients into the soil after a week or two, ready for the beginning of new spring growth in September. If fruit trees need a feed of potash, late autumn is also the time to do that too.

Things to Do This Month:

- Continue planting deciduous trees, shrubs, vines and cane fruits (and roses!). Wait till spring for planting citrus.
- Continue pruning deciduous fruit trees (*not apricots, best to prune these in late autumn*).
- Continue pruning deciduous shrubs (and roses too if you didn't prune them in July).
- Prune dead seed-heads, stems and branches on herbaceous perennial plants.
- Relocate any deciduous plants (trees, shrubs, vines) or herbaceous perennial plants growing in the wrong place in winter. (*Evergreens can only be moved in autumn and early spring, where they have time to regrow roots – remember, they retain leaves in winter which transpire and lose water!*).
- Apply organic fertiliser to fruit trees, so that the slowly released nutrients will become available when the new growth commences in spring.
- Spray peaches and nectarines to protect against leaf curl fungus. Use lime sulphur or a copper fungicide at the bud swell stage (just before the buds begin to open) but before pink bud stage or colour shows. It is too late to spray once flowering occurs.
- Feed pot grown shrubs and plants and refresh their potting mix by scraping off the top 2.5cm and replace it with fresh potting mix which has been mixed with slow release fertiliser. Top dressing with compost is also beneficial.

Vegetables and Herbs to Sow:

Sow in August		Harvest (weeks)	Sow in August		Harvest (weeks)
Asparagus*	d	2-3 years	Parsnip	d	17-20
Beetroot	ds	7-10	Peas	d	9-11
Cabbage	ds	8-15	Potato	d	15-20
Cape Gooseberry	ds	14-16	Radish	d	5-7
Capsicum	s	10-12	Rocket	d	21-35 days
Chilli	s	9-11	Shallot <i>bulbs</i>	d	12-15
Eggplant	s	12-15	Snow Peas	d	12-14
Globe Artichokes	s	42-57	Spring Onions	d	8-12
Kohlrabi	d	7-10	Strawberries (seed)	s	12 months
Leeks	ds	15-18	Sunflower	ds	10-11
Lettuce	ds	8-12	Thyme	s	42-52
Mini	s	8-12	Tumalo*	ds	8-17
Mustard greens	d	5-8	Watermelon*	ds	9-14
Onion	ds	25-34			

Key: d = sow directly into ground, s = sow in seed tray, ds = sow directly into ground or seed tray * = frost tender ** = sow after frost

Men's Sheds – Improving the Health of Australian Men

There are almost 1000 Men's Sheds across Australia and they do a great job.

Ten of these are located right here in the seat of Monash.

That's why I'm very pleased to announce that the government has awarded funding of \$6,175 towards several Men's Sheds in our region.

Recipients of this funding include:

- The Corinella and District Men's Shed and Woodies Group
- The Leongatha Men's Shed and
- The Korumburra Men's Shed, and
- The Neerim District Community House and Men's Shed.

This funding will allow these Men's Sheds to purchase new IT equipment and train their members so they can stay connected through modern media.

Men's Sheds provide an opportunity for men and boys in our community to build connections and share their skills in a positive, welcoming environment.

Their constant expansion and hard work is a testament to the support they provide for boys and men in our regions.

National Farm Safety Week

When you live in a regional area like Gippsland, we all know of someone touched by a tragic accident on a farm.

Some are deadly, others are life changing.

We know farm life is a risk, and it's too easy to become complacent because, after all, we've never had an accident before.

This week is National Farm Safety Week and it draws our attention to staying safe and alive on farms.

According to the Safer Farms 2020 Agricultural Injury and Fatality trend report, between January and June 2020, there were a total of 10 fatalities and 6 non-fatal injuries on farms in Victoria.

Victoria had the highest number of farm related fatalities in the Nation.

When working on a farm in Australia, quad bikes lead to 22% of fatal accidents and 35% of serious injuries amongst farmers.

89.3% of fatalities on farms are males, with over half of those men being over 50 years of age.

There have been too many lives cut short by these accidents.

There have been too many families torn apart by avoidable mistakes.

We know of the reported accidents. What we don't know is how many unreported accidents are seen as a part of working-life on a farm.

Farmers are the lifeblood of our community. It is in all our interests that they survive and thrive.

Stay safe on our farms.

That's just as I see it.

Upcoming events...August and September 2021

Recovery events are planned to support the health and wellbeing of residents and enable neighbors to connect. Within the planning a range of Covidsafe measures are put in place however all events are subject to change and/or cancellation in line with the Victorian Governments COVID-19 restrictions in place at the time.

4 August Wednesday 7pm for 7:30pm start. Tonimbuk Hall Triennial AGM. All welcome. See details below.

6 August Friday 6pm community dinner at Tonimbuk Hall - Music by Libby Willems. Bring a plate to share. Local artists Sue and Janine will be presenting their artworks created for the community through the Creative Recovery program – Meeting Place. See details below.

28 August Sunday 9am George Bass Coastal walk and lunch community day out – see details below.

3 September Friday 6pm Community BBQ Dinner at Tonimbuk Hall with live music by the Swamp Dogs.

12 September Sunday 4:30pm Family BBQ Cannibal Creek Reserve. Save the date! Activities for children, live music, great food.

19 September Sunday 9am – Feldenkrais session at Bunyip Hall. Freeing you neck shoulders and improving your eye movement Free class. Contact Chelsie on 0437107201 or email evoke.mindmove@gmail.com

Tonimbuk Hall Triennial Annual General Meeting will be held on Wednesday 4 August 7pm for 7:30 start. While it is intended that this meeting take place in person at the hall, the meeting may be moved online.

All community members are most welcome to attend the AGM and election of office bearers. Special guest Mayor Brett Owen.

All positions on the Tonimbuk Hall Committee of Management will be declared open. Nominations will be accepted prior to the AGM or on the evening.

Come along and support your local community. For more details contact Jennifer Clarke for further information 0412 376 713 To nominate prior to the AGM, please email your expression of interest to:

The Secretary,
Tonimbuk Hall Committee,
Jon Martindale at merryll@skymesh.com.au

Successful nominees will be required to complete a probity and private interest declaration form available on the night. This information will then be submitted to DEWLP.

Nominations from women, Aboriginal people, people with disabilities, young people and people from culturally diverse backgrounds are encouraged.

In late breaking news we can announce that this meeting has been cancelled due to Covid restrictions - please keep watch in Bunyip News for a new date and one for below.

You're invited! Come along to the unveiling of unique artworks created for Tonimbuk Hall and Cannibal Creek Reserve.

Local artists, Sue Jarvis and Janine Good have created a set of unique artworks based on your feedback to the question What do you love about where you live? The artworks are designed to depict your local environment and stories.

Sue and Janine will present their artworks at upcoming community events

- 6 August 6pm Tonimbuk Hall - Community Dinner
- 12 September 4:30pm Cannibal Creek Reserve - Family BBQ

Come along, see the artworks and chat to the artists about their designs.

Later this year the artworks will be laser cut into Corten steel panels which will be installed at Tonimbuk Hall grounds and Cannibal Creek Reserve nature walk as the final element of the Creative Recovery Program – Meeting Place.

RSVP your attendance to recovery@cardinia.vic.gov.au

A panel from each of the artists below.

THANK YOU!

to all who have supported and funded the fight against Hanson's proposed Bunyip North mega quarry so far.

From August, the EES will be available for public review and you will be invited to make submissions indicating your concerns and objections regarding the proposal.

Submissions can be as simple as stating why you do not want this quarry and how you believe it will affect you, your family and your way of life.

Want to help?

Sign the change.org petition or help fund the fight by donating to our Go Fund Me. Links on our website and socials.

Thermomix tips with Chelsea McGill

Hi everyone,

I hope you're all doing ok through the latest lockdown.

The way I stay sane through these crazy times is by baking. If these lockdowns continue, I'm not going to have any teeth left hahaha.

I love all the amazing things I can bake thanks to my Thermomix. But I think sourdough would have to be my favourite.

In the first lock down last year, I grew a sourdough starter and believe it or not, I've kept it alive for 18 months now!

A sourdough starter is a culture of yeasts and beneficial bacteria which naturally occur and are allowed to ferment over the

course of about 2 weeks. A portion of the starter, known as the levain, is mixed with bread flour to make sourdough. Growing a starter is a bit of a task, 14 days of separating and "feeding" the starter to get it going.

Now that it is established, it lives in the fridge and comes out for a "feed" once a week. It really is the strangest thing, but fresh baked sour dough is just divine.

If you'd like to make your own Sourdough starter, You can find the instructions on my instagram page Mixing it real or you can shoot me a message with your email address and I'll email over the instructions.

Some other things we've been baking this lock down are Rocky road, Vanilla slice, Caramel self saucing pudding, Soft cinnamon doughnuts and Puff pastry.

Stay safe and sane everyone, thanks for reading!

TALKIN' ...FISHIN' Spaced Out

Whether you're building or purchasing a fishing rod, consideration needs to be given to the amount of guides (runners) it has. The quantity and size of guides affects the action of the blank as well as how they pull the rod into its natural curve or shape, the weight of the guides used also affects the action and overall weight.

The general 'Rule of Thumb' is that the guides get smaller towards the tip of the rod and the spacing get closer together as well. The spacing is not 'Willy-Nilly', the formulas for this are closely guarded by rod builders and manufacturers of quality rods. The same spacing cannot apply to all blanks as they are all different in length, taper and action. Guessing the placement just won't do, but by sticking to the 'Rule of Thumb' you may come close, but if you're building on and expensive blank with quality components consult someone with experience in this field or it may cost you a lot of money and time.

The best advice I can give you is, if you're new to this game, try and rebuild an old rod first with new guides and spacing. Practise makes perfect!

Also take into account the frame style and inner ring quality of your guides. Start with the size and placement of the stripper guide (the largest) closet to the reel, allowing distance for the line to spool off the reel. Work up from there to the tip, choosing quantity and sizes as you go, and then temporarily masking tape in approximately the correct places. Formulate your spacing carefully before binding into positions. For overhead reels usually accommodate with a few extra guides so the line doesn't pass the blanks curve between the guides when under load, as the rod is used upside down. Apart from the choice of blank for your rod, the size and guide style and their placement would be the next most important decision you'll make that determines the rod's overall performance. Most of the off-the-rack rods of reputable company name brands have fortunately taken all this into consideration for you, making your choice a lot simpler. But as you'll see in any tackle shop they have a multitude of rods for you to choose from. So get some good advice or take someone with you that knows what to look for and take your time in buying the rod that most suits your purpose or style of fishing, unless you're building you own.

Hopefully you're now armed with better information, so Good Luck!

"I can go fishing whenever I want to", my Wife says so!

So long as I'm home when the street lights come on!

BUNYIP - GARFIELD PROBUS CLUB

It was a lovely winter's day when we went over to Healesville to visit the Yarra Valley Railway. A small group of dedicated volunteers talked about the history of the line which was opened in 1889 carrying all kinds of goods such as timber, livestock and passengers. Healesville had a lot of guesthouse's in the area so it soon became a popular spot for holidays.

After the 2nd World War road transport gradually took over from the Railway and the line went into steady decline and was finally closed in 1980.

Not long after a group of ambitious enterprising volunteers began the task of preserving and restoring the line. In 2010 the line was opened and now is carrying passengers as a tourist attraction in the beautiful Yarra Valley which our club members did enjoy.

We then had lunch at the Chocolaterie and Ice Creamery and picked up some special treats.

On another day we went to see the film Dream Horse before going to the Railway Hotel for lunch.

We hosted a Biggest Luncheon for Cancer at our July meeting .Our guest speakers were Karen and Renee from the Cancer Council as well as Kaina who is a Oncologist Nurse at the West Gippsland Hospital. They shared many ways that they can assist people who are going through their journey with cancer. It is true that most of us have been touched in some way perhaps with a loved one or friend fighting cancer some time in our lives so it was an opportunity for us to support the cause.

After a lovely lunch of soup and sandwiches followed by slices and a cuppa it was announced that we had raised over 1,300 dollars on the day. The funds were divided between the Cancer Council and the Oncology Department at the West Gippsland Hospital. Many thanks to all who attended and the helpers who organised the day.

We celebrated Christmas in July at the Black Tie Restaurant on the day before we went into Lockdown again. David Gould entertained us singing a selection of Christmas songs before lunch, then it was time for some requests of well known songs. How lucky we were to have this day together as we don't know when we can meet again.

Our Club is saddened with the loss of our member Diane Brown. We send our condolences to her husband Harry and his family. Thinking of you all at this sad time.

BUNYIP RENEWABLES ACTION GROUP Inc

BRAG August Update:

bragbunyip@gmail.com

Our Vision:

"That by 2030 100% of power used by Bunyip and District Community will be generated using renewable sources"

Recycling:

**Don't forget to recycle empty and used dental products at the Bunyip Dental Clinic.*

**Also e-waste can be dropped off at Bunyip Rural Supplies.*

Small electrical appliances, electric cords, batteries and battery chargers can all be recycled here.

**Garfield Op Shop is now a collection point for plastic lids so*

bag them up and drop them off instead of sending them to landfill.

Handy Eco-Hint for this month:

- *Old print cartridges can be taken to Office Works for recycling*
- *Try to avoid buying pre-packaged fruit and vegetables.....select your own items from the loose fruit and vegies bins instead...I have some mesh bags made from old net curtains that I use for this purpose.*
"Bananas don't need a plastic bag, they already have their own, the skin!"

Yarra Valley Community Power Hub: BRAG and Cardinia Shire supported Healesville CoRE's bid to receive \$428500 to set up a Community Power Hub.

They were successful and BRAG will be attending their steering committee which will start meeting early in August.

*A condition of this funding is that the Community Power Hub must see a minimum of **2 renewable energy projects** through to completion within 12 months to July 2022.*

The funding is being used to set up infrastructure that will support projects throughout the region by completing feasibility studies, assisting with fundraising efforts and providing any other administrative support necessary.

They are currently seeking to fill 3 part time positions: You can read the Position Descriptions on the Healesville CoRE website here: <https://www.healesvillecore.org.au/we-are-hiring-staff-for-the-yv-cp-hub/>

We are hopeful that YVCPHub will agree to support a project here in Bunyip.

Education and Networking: *Members of the BRAG committee have been attending network information sessions in both metropolitan Melbourne and Regional Gippsland over the past month or so. These sessions are a great chance to keep abreast of current activities and funding opportunities in the renewable energy field that we can pass on to our local community where relevant. **Neighbourhood batteries** and **floating solar** are two sessions attended during July....join our group if you would like to find out more.(Contact bragbunyip@gmail.com)*

Grants Success: *Thanks to both Cardinia Shire and the Bunyip Community Shop for providing us with some much needed funding to help us promote ourselves and our vision within the local community. Watch this space for more information about how these \$\$\$ will be spent later in the year.*

Fundraising : *BRAG has a couple of great fundraising plans which will be ready for Christmas....watch out for us at the September and October Bunyip Community Markets.*

Bunyip Tyre Service

By Roman Kulkewycz

Bunyip Tyre Service located at 12 Modella Road in Bunyip is your one stop place for all your tyre needs and services which includes fitting, balancing and wheel alignments. Proprietor Graham "Briggsy" Briggs stocks most popular brands of new and used tyres and provides prompt personal customer care to ensure your complete satisfaction. Graham has a tyre to suit your budget and with over 30 years experience in the tyre and mechanical business, he is well qualified to give expert advice on:

- New & Remould Tyre Sales
- Mechanical Repairs
- Mag Wheels and Rims
- Brakes & Exhausts
- Tubes & Batteries
- Truck & Tractor Onsite Service.

Bunyip Tyre Service offers an extensive range of products from all major manufactures. From tyres and rims through to batteries and exhaust systems. Quality mechanical work, exhaust fitting and repair, wheel alignment, suspension and front end work are a speciality.

I have personally found Graham to be extremely helpful and friendly. I was coming to work one day when just outside the Vet's Clinic in Bunyip, my left front tyre suddenly went "thud, thud, thud" – a flat tyre! I was only new in the area. Instead of calling for roadside assist which would have made me very late for work, I rang Bunyip Tyre Service. Within ten minutes, Graham was on the spot and changed my tyre. He took the punctured tyre with him to repair and told me I could call in after work to pick it up. I arrived for work on time!

Whether it's a huge tractor tyre or a small wheelbarrow tyre, Bunyip Tyre Service will look after you. Call in and have a chat with Graham and his team at 12 Modella Road, Bunyip or contact Bunyip Tyre Service on 5629 6100.
