

BUNYIP & DISTRICT COMMUNITY NEWS

Providing local community news since 1982

Issue 7

bunyipnews.org.au

July 2022

At 11.00 am on the 12th of June recently, St Thomas Anglican Church opened the doors of it's building in Bunyip to the community in order to celebrate Her Majesty, Queen Elizabeth's Jubilee, seventy years on the throne.

We were excited to welcome approximately forty local people to the service, among them representative of the RSL, the Bunyip Social Hub and especially the Bunyip Guides, complete with their group ensign. Several of these cheerful young people came dressed in splendid uniforms which displayed numbers of badges sewn on, showing their achievements in the Guiding movement.

At the beginning of the service, we were treated to a rendition of Purcell's Trumpet tune.

During his sermon, Father Ken made a number of references to significant features of the Queen's Reign which promoted the teachings of Jesus.

At the end of the service, we sang the English National Anthem which was appropriate for the focus of the day.

As the congregation filed out of the church, a peel of seventy chimes was rung on the church bell, one for each year of Her Majesty's reign.

HOW TO PLACE AD OR ARTICLE WITH NO EMAIL

You can leave your ads and news articles in the **collection box**, which is located outside IGA.

Please follow the instructions below to place an ad.

1. Ensure your ad is clearly written or printed.
2. Enclose your ad in a sealed envelope along with correct monies.
3. Write your name, email and/or phone number on the front, along with type of ad required.

Advertising is not submitted for publishing unless fully paid in advance. You can pay by PayPal, Electronic Funds Transfer (EFT) or deposit to Bunyip & District Community Bank® Branch account.

**Please support our local advertisers,
as without them there wouldn't be a
community newsletter.
Let them know you found them HERE!**

Bunyip Station Upgrade - Update

As you might already be aware, we conducted workshops with members of the community last year to contribute to the final station design. The key themes we heard from the community feedback included: improving user journey/experience; improving safety, amenity and accessibility; and better connecting intermodal activity.

This feedback played a key role in finalising the design for Bunyip Station. Specifically, the final design includes:

- A new second platform to enable more frequent and reliable services, and accessibility and amenity improvements for better passenger journeys.
- A new canopy connected to the new platform, with a landscaped embankment on Nar Nar Goon Road to help intuitively guide train passengers and other station users to it from the surrounding area.
- New trees will be strategically positioned at access points to effectively guide precinct users, and new plantings located to provide maximum, amenity, shade and comfort in the public areas.
- The formalised, asphalted car park and vehicle movement areas will provide safe and accessible pedestrian-friendly environments, with the design seizing the opportunity presented by the sloping site to better connect the town with its recreational and sporting areas. The project will also deliver 30 new car parking spaces at Bunyip on behalf of the Victorian Government's Car Parks for Commuters program.
- Relocating the pedestrian crossing to the Melbourne end of the platforms, near the northern entrance, which will better connect the town's north and south, boosting accessibility and safety.

We are close to selecting a local artist to design a creative opportunity that will be embedded into the Bunyip Station design. This artwork theme will be informed by consultation undertaken last year with the community that saw the themes of native fauna and flora, local history and community stories voted most popular.

You can view the final design for the other stations we are upgrading along the line at our website as well - <https://bigbuild.vic.gov.au/projects/gippsland-line-upgrade..>

Good Winter Start For Bunyip Community Market

By Roman Kulkewycz

The June market held last week had a good variety of items for sale from bric a brac to delicious donuts. There were thirty plus stalls.

Stall Holder Sheree Bould wrote on her facebook page “ *The donuts were delicious
Wait until the locals find out what they missed out on today.*

She also wrote: “*Just an appreciation post for all of the stall holders today at Bunyip Community Market there were 30+ amazing stalls, who braved the horrible rainy conditions, but unfortunately got washed out*

Falafel off the Truck was there with the best chippies I've tasted in a while. A Hot Jam donut van Sugar Shack Donuts Food Trailer was also a massive

Let's hope ALL of the locals can come down and support the COMMUNITY market next Month”

Unfortunately a misty rain began to fall mid morning which saw stall holders and browsers scramble for cover.

Thank you to Sheree Bould for her enthusiasm and promotion of the Market and to our fabulous sponsor Megan Gordon Area Specialist Real Estate who sponsored half the Stall Holders fee for last month.

We look forward to another successful market on Sunday 31st July. See you there!

The many stalls selling a variety of goods – Something for everyone.

Thank you to Sheree Bould for her enthusiasm and promotion of the Market and to our fabulous sponsor Megan Gordon Area Specialist Real Estate who sponsored half the Stall Holders fee for last month.

We look forward to another successful market on Sunday 31st July. See you there!

Graham New (Longwarry) and popular stall holder Frank Hill (Bunyip) chatting mmmm yummy hot chips

Let the Planning Begin...

It's been a few months since my last motorbiking article. I'd love to say that its because I have been hitting the highways of this great country, travelling the backroads and traversing the tracks, exploring new places, meeting interesting new people etc etc....but alas, that's not the case. Being a pastime/hobby and not something I can do all the time, life sometimes gets in the way – work, family, friends, celebrations, sport, weather, other commitments...the sometimes unavoidable and the often necessary elements of life that keep us busy while time slips by.

With this part philosophical-part depressing thought in tow, a group of us mates came together for a few beers recently in the city. It had been a while since we'd all been able to meet up so the energy levels were high and the beers flowed freely. Conversation turned to motorbikes, as it always does, and before long, we came to the inevitable question..."so when's the next ride!?"

Over the next 2 or 3 beers, we start throwing around dates to fit around birthdays, business trips, anniversaries and the like. We start thinking about routes, preferred destinations – new roads or the tried and tested? Should we go unsupported as we usually do, or invite a mate with a 4WD to carry our gear?

What I have come to realise over the many years of riding is that there is *almost* as much fun in the planning, preparation, and anticipation of a big ride as there is in the actual trip itself. Why? Perhaps it's the excuse to catchup with your riding buddies over beers and a common interest? Perhaps its because it's a catalyst to upgrade your gear? Or maybe its just about stepping out of your current reality and trying a new one for little while.

I've written in previous articles of Bikers Corner that motorbiking can be more than a journey or a holiday, but it can also be an escape, a release, a circuit-breaker from the norm. Personally, I have come to see a 2-week ride into central Australia for example, as my right and almost as a necessity in order to reset.

So, with great enthusiasm, several beers, maps on the table and calendars on our phones, we've started the first part of our next trip...the joys of planning...when can we get the time off? The best weather? Where do want to go? What are the must do's? How much fuel should we carry? etc etc

Watch this space over the next couple of months as our plans evolve.

Write to me on the above email if you have any comments, questions or suggestions. Until next month, stay safe....cheers

Council to support NBN to conduct information sessions for local businesses

Cardinia Shire Council is hosting NBN Co by running two information sessions to assist local businesses.

The informal drop-in events for businesses will run from 9am to 12pm on Tuesday 12 July at Toomah Community Centre in Pakenham and on Wednesday 13 July at the Hills Hub in Emerald.

Businesses will have the chance to speak directly with industry professionals in a relaxed atmosphere about business connectivity, access to NBN business grade fibre, and the foundations of best practice around cyber security for businesses.

The sessions will provide practical advice for working with internet service providers and ensuring that businesses receive the best plan and service possible to optimise and future-proof their business.

NBN Independent Business Advisors will also be there to help businesses select the best supplier for their needs and location.

Cardinia Shire Mayor Councillor Jeff Springfield expressed how pleased Council was to be able to provide these events for our local business community.

“Being able to facilitate such worthwhile events for our businesses ensures that they are given the opportunity to discuss their issues and misunderstandings directly with experts from the NBN,” Cr Springfield said.

“Business have told us that they are struggling to understand about internet connectivity and are asking for these information sessions, so it is great that we are able to provide them with direct links to the NBN experts.”

Businesses can register their attendance at either event by going to:
<https://bit.ly/NBNBusinessInformation>

For more information about the information sessions, visit Council's website at www.cardinia.vic.gov.au/cardiniabusiness or call the Economic Development team on 1300 787 624 or email business@cardinia.vic.gov.au

Ever wondered what is living in your local waterways? Join us to see how we Monitor aquatic animals using the latest technology.

About this event

We will start our evening with a site visit on the Tarago River to view the latest technology for monitoring fish movements, and a demonstration of how we can uncover what species are living in waterways through a simple water sample.

Meet at Bunyip Hall by 4pm, as we will be leaving promptly for the short drive to site (please bring own vehicle or arrange carpooling where possible).

This will be followed by a presentation at the Bunyip Hall from 5pm, where scientist Wayne Koster from Arthur Rylah Institute will present his findings from the fish monitoring, unveiling some fascinating discoveries he has made and explaining how we use this information to manage the rivers through the targeted delivery of environmental water.

We will conclude the evening with pizzas and a chance to discuss any waterway related topics with Melbourne Water staff.

This event is presented by Melbourne Water, Arthur Rylah Institute and Landcare.

Please note, it is a Victorian government requirement that all attendees be fully vaccinated and must show proof of vaccination or a valid exemption.

Date and time - Postponed till Spring

Open-air fires local law adopted by Council

Published: 21 June 2022

Following extensive community and agency consultation, Council has adopted new open-air fire regulations which will come into effect on 1 July 2022.

The local law was adopted at last night's Council meeting and details the regulations for open-air fires - commonly known as 'burning off' – outside of the declared fire danger period.

The Open Air Fires Local Law aims to provide adequate provision for fuel reduction and fire prevention while discouraging unnecessary smoke health hazards.

This new law will provide the community with more opportunities to reduce bushfire risk through burning-off while ensuring public safety remains a key priority.

Cardinia Shire Mayor Councillor Jeff Springfield said he believed the new local law reflected the community's feedback received during the consultation period.

"We listened to the community and made several changes before the adoption of this new local law," Cr Springfield said.

"The proposal initially had a restriction on open air fires on public holidays however we have scrapped this after looking at community feedback and open-air fires can now take place on public holidays.

"We also changed the days residents are allowed to burn-off – this is changing from Saturday to Sunday on weekends.

"Residents raised concerns about smoke so the distances to buildings/fencelines have been increased in this local law to take in account smoke amenity concerns when residents complete burning off.

"The proposal originally included a 25-metre clearance distance, but we listened to the community and this has now been amended to a 12 metre clearance distance.

"We recognise that there is a wide-range of opinions within our community concerning how this local law should best operate. Some residents would like the freedom to burn off any day whilst others wish for no burning off at all. It is our hope that this new local law will strike the balance between all the variety of views that have been communicated with us."

The local law renews focus on:

- Smoke impacts on community
- Bushfire fuel reduction and property preparation
- Burning off timeframes
- Burning off in townships
- Environmental impacts

As part of the local law, the Shire will be divided into three zones with appropriate open-air fire regulations, rather than the previous rules where regulations were based on zoning and land size.

In the Urban and Township Zone, burning off is only allowed with a permit.

In the Bushland and Peri-Urban Zone and the Rural Zone, if criteria is met, a permit for burning off may not be required.

July will be declared a 'no burn month' throughout the Shire. This means burning-off will be prohibited across the entire shire throughout the month.

This change aims to reduce hazardous smoke caused from burning wet material. This is intended to encourage an uptake of alternative methods of waste disposal during these wetter months and reduce smoke impacts over the school holiday period.

To view the new local law, visit www.cardinia.vic.gov.au/adopted-open-air-fires-local-law

BUNYIP- GARFIELD PROBUS CLUB

We had an interesting meeting when some locals came and talked about their involvement in the Variety Bash which is held each year to raise funds for disabled and disadvantaged children.

They want every child to attain their full potential regardless of their ability or background. The Bash was first started by Dick Smith because of his love of the Old Redex Trail. These days the Bash is not about racing, the aim is to raise money and have fun along the way.

It costs \$5,000 for the first year and \$7,000 there after to enter and each team has to do their own fundraising before the event.

This year they are heading to Cairns up through Birdsville and Mt Isa.

Each car has a theme of their choice, the team dress up to match their cars, the cars have to be at least 30 years old to go on the Bash. Our visitors not only brought their cars to show us, they were also in their outfits. One was The Cat in the Hat while the other was Elvis, yes he was in the (building). We wish them well on the trip.

To help assist in their fundraising we held a Luncheon and all money raised will be presented to them.

A big thank you to all who helped in anyway to make this day.

Our Club was saddened to hear that Don Cowie had passed away. Don and his wife were Foundation Members of our Club. To Don's Family we send our condolences from all who knew him.

Helen

BRAG UPDATE

Two of our Committee members have now completed the Volunteer Home Energy Efficiency Training and we now have all the necessary equipment to carry out free Home Energy Efficiency Assessments for local residents.

We already have several expressions of interest for this service received at our Roadshow last week and will be ready to take more bookings from mid-July. Contact BRAG at bragbunyip@gmail.com for more information.

Unfortunately the State Government funding for the 7 Community Hubs in Victoria will end in mid July.

Current Offers and Bulk Buys being made available to the Bunyip Community by Yarra Valley Community Power Hub are:

- Volunteer Home Energy Efficiency Advisor Training
- Heat Pump Hot Water Community Bulk Buy Offer
- Reverse Cycle AC Community Bulk Buy Offer
- FREE Home Energy Upgrades with Homelab
- Electric Vehicles Bulk Buy with the Good Car Company
- Community Renewable Energy Short Course (At Living Learning Pakenham, August)

If you would like to know more— www.yvcommunitypowerhub.org.au

Please note these offers will still be available through the Yarra Valley website until at least mid August and the The Hub is exploring ways to extend the offers beyond that and to also include a community offer for solar panels and batteries through RACV Solar....watch this space for updates!!!

RECYCLING HARD PLASTIC LIDS AND BREAD TAGS

All lids MUST be labelled with either a 2 or 4 identification number. They must also be clean and dry.

The Garfield Op Shop is still collecting lids and bread tags.

Bunyip Kinder will also become a drop off point for hard plastic lids and bread tags for the general Bunyip Community as well as kinder families from the start of term 3.

Tell us about the traffic!

Traffic is a recurring topic on social media and local progress association gatherings- the community concerns about Princes Highway and the local roads always create plenty of discussion. To this end, the Tynong Progress Association has decided to set up a working group that will bring together the various authorities (council, Vicroads etc) and local businesses and community members to discuss potential solutions and improvements. We are keen to gather some solid data and information we can take to these groups that gives the opportunity to analyse the issues and hopefully suggest some workable solutions (ideally before any further accidents occur!).

To this end, we're asking road users to tell us about their driving experiences on the highway through Nar Nar Good, Maryknoll, Tynong, Garfield and Bunyip via an anonymous survey, available via the following link:

Princes Highway/Freeway Traffic (between Nar Nar Good, Maryknoll, Tynong, Garfield and Bunyip)

<https://forms.gle/PEbskDYy8b3Hg3oBA>

Or use this QR code (we all know how to use these now!)

Bookmark this link and complete the survey as many times as you like, for as many different experiences you have on the highway—crossing the highway or turning to and from the highway (of course—complete the survey only when safe to do so, and certainly not while you are driving!) Take note of your wait times, the number of vehicles in front of you and any other experiences you have on the main artery linking our towns.

The survey is anonymous—share it with your neighbours and friends, or anyone driving through. The more responses we gather the better. Initially we'll collect the data over the next three months and we'll share results as we go. Feedback on the survey is welcome—contact us at

tyntabloid@hotmail.com

Bunyip 3815**

*** Applications Close 29th July, 2022**

TALKIN' ...FISHIN'THE SAD PASSING OF AN ICON.

The ALVEY fishing reel Company, is an Australian family business founded by Charles Alvey in Brisbane in 1920, but has sadly come to an end.

A solidly constructed sidecast reel based on the Scottish designed centrepin reel, with the one major difference of being able to turn the body and spool completely sideways, allowing line to be cast off directly from the lip of the reel with minimal friction or resistance. A durable and well-constructed reel of minimal parts made of stainless steel and chrome plated brass, wooden cedar spools and later fibreglass and polymers. Winding power with a 1:1 ratio direct winding action, it became a simple and popular reel all over Australia. The company produced 25,000 reels annually in the 1930's until 1939 when WW2 broke out, then the needs for the company changed as it re-tooled its factory for the production of vehicle and aircraft parts to support the war effort taking priority. At the wars end in 1945 the company returned to regular business, unfortunately and sadly its founder also died that year, leaving family members to rally and continue his legacy and expand and streamline the manufacturing process. The company over the following years to had to cope with the ever increasing demand for their products within Australia and now including overseas as well. In 1974 the Brisbane floods caused extensive factory damage, but family, friends and volunteers all helped with the clean-up to get the factory production and staff back on their feet, so respected was the company's product. Always the goal of the business was to give their customers a quality and durable product, a task they always achieved in my opinion. Anyone who owns one of these reels has a deep affection for its simplicity and practical use, especially its perfection and usage in saltwater. In all the years the design remains close to the original but modern manufacturing techniques and materials have been applied that have added to its popularity and appeal to new anglers. The designs including a drag system, cover many fishing variations from Surf, Boat, Estuary and freshwater, truly a versatile and tough reel. I've had a fondness for their reels since I was a kid, with the 4" A1 series being my first of many subsequent Alvey purchases, any I would find hard to part with. I still will only fish the surf with these reels. And sadly the day has come that due to reasons of cost and supply of the raw materials makes the manufacture and means to continue no longer an economically viable proposition. The company will cease all production as of the end of June 2022, trading will continue while stocks last until sold out, so get in and buy your piece of Australian history before the last has gone.

Catcha, The TackleMan ®

Save the date (13th September at 7.00pm), join us for a free information session with Ambulance Victoria. Learn CPR and how to operate an AED. All welcome, register through the Bunyip CFA Facebook Page or message Simon Sharpe - 1st Lieutenant Bunyip CFA on 0435305569 for further information.

Over the weekend, a family were woken to the sound of their barking dogs and smoke alarms when their dryer caught alight.

When firefighters arrived the family had already evacuated the home, and crews helped the family with ventilating the house. Thankfully, there was minimal damage to the home and the family is safe!

The exact cause of the dryer fire is not known however it is a timely reminder for those who use dryers to:

- Clean lint filters before each use.
- Don't leave dryers on when you leave the house.
- Don't put dryers on overnight or when you are sleeping.

Did you know we have six Automated External Defibrillators (AED's) accessible by any member of the Community at anytime of the day 24/7 in the event of a SCA (Sudden Cardiac Arrest).

These devices are very easy to use with audible voice prompts and combined with CPR may help save someone's life.

Please take note of your nearest AED location (which may be closer) along with these 24/7 access devices:

- Tynong Fire Brigade (located on front wall)
- Garfield Post Office (located on front wall)
- Bendigo Bank Bunyip (located on front wall)

- Cannibal Creek Recreation Reserve (Garfield North) (located at toilet block wall)
- Tonimbuk Equestrian Centre, 370 Sanders Rd, Bunyip North (located at main gates)
- Nar Nar Goon Fire Brigade (located on front wall)

Bunyip Show Committee News

Here's an early warning that the next Bunyip show will be held on **26 March 2023**.

Bunyip has held an agricultural show since April 1900 and is the only one of the 'railway towns' to have its own show.

The committee works through the year to deliver the show, meeting every third Wednesday of the month at 8 pm in the tennis/netball club rooms at the recreation reserve. If you would like to help or share new ideas please come along. The committee is also keen to hear from any businesses that would like to offer sponsorship to support our attractions such as the animal nursery or puppet theatre. And—have you thought about holding a stall where you can sell products or promote your business or community group?

In the near future we will be selling some old wooden trestle tables and supports. Please check our Facebook page for details coming soon.

Church Procession In Tynong

By Roman Kulkewycz

About 500 parishioners from Corpus Christi Catholic Church in Tynong walked in a street procession along Tynong Road last Sunday afternoon to publicly honour the Blessed Sacrament.

Corpus Christi Church Parish priest Father Sayed Elias (centre) carries the Blessed Sacrament assisted by Father Andrew Cranshaw (left) and Father Ben Campbell.

Part of the large number of parishioners who participated in the procession.

Bunyip Skip Bins

We are pleased to provide our community and surrounding towns with a locally owned business that offers an easy alternative to hard rubbish and tip trips. Our bins come in two sizes, 2m and 3m. Perfect to service the needs in the form of shed cleanouts, small renovations and builders waste, garden clean ups, garage cleanouts and general hard waste items. All our bins are processed at local transfer stations for best environmental outcomes

For all pricing and enquiries please call **Jag Beilby** on **0430545097** or alternatively send an email to **jagbeilby@gmail.com**

DID YOU KNOW, YOU SHOULD BE HAVING YEARLY SKIN CHECKS?

3 Reasons you need to wear sunscreen ALL YEAR ROUND

- UV rays penetrate clouds – Even in winter
- Sunscreen has useful anti-aging properties
- It Helps Maintain an Even Skin Tone

WE ARE AN ACCREDITED SKIN CANCER CLINIC – book.ouraccr.com.au
We offer Male Mapping, which is one of the most effective ways to detect skin cancer at an early stage.
