Bunyip Fire Brigade

Ready to serve

On Saturday 7th September 2019, 600 Firefighters including 2 from Bunyip CFA, Lieutenants Steve Munday and Casey Hill, participated in the fight depression, PTSD and suicide by climbing the 28 floors of Crown Metropol Hotel wearing 25kgs of turnout gear and breathing apparatus.

- Over 3 million Australians are living with depression and anxiety

- 1 in 4 Australians will suffer from a mental illness in their lifetime
- Suicide is the leading cause of death for Australians aged between 15 and 44
- Over 3,000 Australians die by suicide every year, an average of eight lives lost every day.
- 10% of our Emergency Services Members suffer from PTSD

Both members typify what we as volunteers do, we help others, despite the hurdles we come across, raising funds to help others. Steve completed the 28 floors in just over 5 minutes with Casey completing the climb a minute later.

For further enquires or to place an advert please email advertising@bunyipnews.org.au or call **0419 156 844**

HOW TO PLACE AD OR ARTICLE WITH NO EMAIL

You can leave your ads and news articles in the **collection box**, which is located outside IGA. Please follow the instructions below to place an ad.

1. Ensure your ad is clearly written or printed.
2. Enclose your ad in a sealed envelope along with correct monies.
3. Write your name, email and/or phone number on the front, along with type of ad required.
4. Place your envelope in the slot before **deadline (2nd Tuesday of each month)**.

All advertising will need to be prepaid. Ads are not submitted for publishing unless fully paid in advance. You can pay by PayPal, Electronic Funds Transfer (EFT), direct deposit to Bunyip & District **Community Bank®** Branch account or place with ad in collection box.

**Please support our local advertisers,
as without them there wouldn't be a
community newsletter.
Let them know you found them HERE!**

Applications are currently open for Cardinia Shire Council's 2019–20 Beautification Grant program.

The program provides community groups and individuals with funds for landscape enhancement projects on areas of public open space. It provides funding on a dollar-for-dollar basis with a maximum of \$2,000 per grant.

The funding may be used to cover the purchase of plant material, stakes, tree guards and mulch. Other landscaping materials such as street and park furniture are a lower priority.

Projects must be located within Cardinia Shire and finished by 30 June 2020. When the project is complete, grant recipients need to submit a project completion form, receipts for the materials used, and photos of the project.

Priority is given to projects that:

- involve community groups
- are in areas used frequently by the public, such as town centres, recreation reserves, halls and parks
- improve the appearance of green, public open spaces
- are in line with priorities identified in township strategies, landscape master plans and other strategic Council documents.

The program does not fund grants for projects requiring a vegetation removal permit, where funds may be obtained from other sources or on land that is not managed by Council.

Applications close 5pm, Monday 25 November 2019
For more information about project eligibility, timelines and how to apply, visit www.cardinia.vic.gov.au/beautificationgrants

Bunyip & District Soccer Club has honoured Mr Alan Cole as a Life Member in 2019.

At its recent Presentation Day on Sunday 1st September Alan was presented with this honour by current President Adrian Gatti on behalf of the Bunyip & District Soccer Club. Along with his wife Dr. Mary Cole, Alan was instrumental in the establishment of the flourishing local soccer club, now in its eleventh year. His service and time ensured the Club continued to move forward to where it is today. He served on the committee and as Treasurer and gave support to new committee members. Congratulations Mr. Alan Cole!

Bunyip Strikers President Adrian Gatti presents life membership to Alan Cole

TROVE - <https://trove.nla.gov.au/newspaper>

A most noteworthy mark of the progress of the district is the advent of a chemist in our midst, Mr A. J. Botterell, who for many years was connected with Mr Titcher, of Dandenong, having opened pharmacy here. He is located in the main street, in one of Mr. William, shops, and as he has the reputation of being a careful and skilful pharmacist will doubtless progress with the district which is going ahead rapidly. Mrs Botterell is an accomplished musician and, if but for that alone, would be heartily welcomed. I am sure residents are delighted at the news, and join with me in extending a warm welcome.

CRICKET

Cricket is quite simple. You have two sides, ours and theirs, one out in the field and one in. Each one in the side that's in, goes out, and when he is out, he comes in, and the next one goes in, until he is out. Then, when they have all been in and are all out, the side that's been in the field, comes in, and the side that's been in goes out, and tries to get out those coming in. Sometimes you get one still in and not out. Then when both sides have been in and out including not outs, that's the end of the game! It's really quite simple!

Dear Editor,

As a Blazeaid volunteer for several weeks, I wanted to thank all the local people who helped with the Blazeaid effort. To those who helped and served meals (sometimes travelling some distance) and donated food and goods, you are truly amazing. The friendship extended to us made our effort worthwhile.

Thank you all,
John Kuhl, Pomonal

Bill's Movies Entertain - 13 Years

By Roman Kulkewycz

I turn left off the sealed Tonimbuk Road in Bunyip North into Michell Road which is a an unsealed, narrow corrugated track with lots of pot holes strewn along it's surface. As I drive towards Bill and Kay Pearson's property, there on either side of the road is the stark reminder of the grim, life threatening situation of the bushfire that ravaged this area 6 months earlier leaving burnt and badly charred trees, now standing as an eerie witness echoing their silent scream of what could have been.

Although the Pearson property stands in a cleared area, nearby it is surrounded by tall burnt and some dead eucalypts. Bill looks skywards and says that it was the Water Bombers that saved the property and he is eternally grateful for their swift actions.

I've come to talk with the Pearsons about "Bill's Movies", an activity that the couple has been providing to locals and aged care facilities for the past 13 years. It all started after they built their house and shed 16 years ago. The shed was fully lined and Bill knew that it was too good to park machinery and store tools in. It was converted into a games room. Bill had a 10 year working association with The Regent Theatre in Yarram and so developed a love for movies. He decided to turn the games room into a theatre and invite locals and groups to enjoy "free movies". Bill is a people person. The former Cardinia Shire mayor has been helping others for many years. He was involved with Hillview as its CEO when it opened, was a board member of the original Bunyip Medical Clinic and is currently heavily involved with the protest against Hanson's quarry from going ahead.

When locals come to the morning movie sessions, the Pearsons provide a light lunch for the patrons. The afternoon sessions are reserved for the three aged care hostels and following the movie they are provided with a delicious afternoon tea – all for free! Currently Hillview aged care from Bunyip and two hostels from Drouin are regular visitors as well as a local group from the Bunyip community.

Today is of special significance as to mark the "movies" 13th anniversary, the residents from Lyrebird hostel in Drouin have been invited to attend. Lyrebird was the first hostel to come to Bill's Movies 13 years ago.

They arrive by mini bus, are welcomed by Bill and Kay and escorted to their seats in the theatre. Once all are comfortably settled, Kay does the rounds,

handing out liquorice allsorts. Bill then introduces the movie for the afternoon. Today the movie is "Father of the Bride", a 1950 classic starring Spencer Tracy, Joan Bennett and Elizabeth Taylor. The lights are dimmed and the movie begins.

Bill leaves the Lyrebird residents to the care of their carer and goes into the house to help Kay get the afternoon tea ready.

Photos by: Roman Kulkewycz

Bunyip Fire Brigade

Ready to serve

Are you Bushfire Ready?

Do you have a Bushfire Plan?

Do you have more than one Bushfire Plan?

Have you downloaded the EMV App?

What will you do if you receive an emergency message?

If you choose to leave, where will you go? What will you take?

Do you know what your child's school will do?

Will the school bus still operate?

What will you do if the road is closed?

Do you understand the Fire Danger Rating?

Do you know where you find the day's Fire Danger

Rating?

Do you know what a Total Fire Ban means?

Do you know if you can still have a gas BBQ on a day of total fire ban?

What is the Fire Danger Period?

Can you burn off rubbish during the Fire Danger Period?

These are just a **FEW** of the questions that can impact you and your family during the summer period.

All predictions indicate that Gippsland is in for a very severe bushfire season, this includes our area. You may say that 15,000 hectares were burnt out in March and you would be right. BUT there is still quite a vast area of unburnt bush land that is heavy

In an emergency dial 000

Planning for the big trip – part 2

Last month I wrote about some of the preparations you'd need to look at if you were considering a longer trip into central Australia. Personally, I'll be doing a 2 week trip north soon into some of the outback tracks of NSW, Sth Australia, ...places like Cameron's Corner, Innamincka, Birdsville and the fabulous Flinders Ranges on my trusty KTM 990 AdventureR and my mate Tim will be aboard his Honda Africa Twin... two purpose-built bikes for a trip like this.

For the 5,000km trip, and with a large part of it being on gravel/dirt/sand I covered things like carrying fuel, balanced packing, tyre selection, rim locks, a little on tools and spares, centre of gravity and weight distribution in last month's part 1 article.

In this month's article I'll take a look at some of the practicalities of camping when riding through our magnificent outback country. One of my main objectives is to keep the weight as low as possible, so after fuel, water and spares/tools, your tent, sleeping bag and clothing are the heaviest and bulkiest items. Forget about swags...too heavy and bulky. I use a compact single man tent which has one flexible pole, weighs hardly anything and takes about 5 minutes to put up. I carry a small tarp for under the tent, and a thin self-inflating mattress. At night I'll bring my riding gear in for warmth and keep my boots outside under the fly, but with my socks stretched over the top – to air them out and keep critters from climbing in. Keep the clothing to a minimum - literally the bare essentials. I consider these trips to be 'low hygiene holidays' meaning I wear what I bring until it almost stands on its own, and I don't bring extra t-shirts or my good jeans for just-in-case. Most places we go to don't have a dress code and besides you'll eventually hit a town or roadhouse with some kind of clothes washing facilities.

The trick is to keep your food and cooking utensils basic, compact and light. You can pick up some of those fancy dehydrated meals which will set you back upwards of \$20 per meal, but I find simple 2-minute noodles, oats for breaky and various energy or muesli bars are enough to keep the energy levels reasonable without over packing. We generally light a small campfire (take firelighters) but also carry a small butane gas cannister and folding burner attachment. We also carry a small lightweight aluminium pot, small plate and a tin cup each. There are some pretty neat sets that fold into one another – well worth checking out.

Above all else, check your planned route and ensure you can carry more than enough fuel for the trip and plenty of water. You can go without food for quite a while if necessary but depending on the time of year that you're travelling, the heat will get you if you don't carry ample water! Especially riding in sand, so be careful.

Write to me on the above email if you have any comments, questions or suggestions. Until next month, ride safe....cheers

Did you know.....

The Bunyip Primary School, in 1946, won a fruit packing contest and shield worth 35 guineas in the fruit section of the Royal Show for the best case of packed apple. There were 80 entries and Bunyip scored 96 out of 100.

The best individually packed case was packed by Merle Dawes who scored 98 marks. A shield was presented to the school by Mr Bennett, M.L.A, a supervisor from the Department of Agriculture and representatives of the local orchardists Association on 29th November 1946 for the school's winning efforts

"History of Bunyip Primary School No.2229 1880 - 2005 by Denise M. Nest

We're Back!!

Great news Bunyip!! Carols by Candlelight will be happening again this year. Everything is booked and we are getting organised to bring you a night you won't forget. We have had to change our date so that we don't clash with Garfield's Christmas event. That way you can come to them both! The Bunyip Carols by Candlelight will be held on the first Friday of December, So put it in your diary for the 6th December – Bunyip Community Carols by Candlelight. We will be at the Bunyip Rec Reserve, in front of the Footy Club Rooms and we will be starting at 8pm.

STOP PRESS!!

More great news!!! The Bunyip Community Market will be held on the same night but they won't be in their usual place. It's a special Christmas Market so it will be up on the oval, where we will be singing. So come along early, do your Christmas shopping and then relax on the oval and have your dinner and a play before the singing begins.

We promise you the fireworks will be extra special this year!

BUNYIP- GARFIELD PROBUS CLUB.

Our Club had a special outing to the Helimed base at the Latrobe Valley Hospital where we met some of the team. Ambulance Vic has other bases at Bendigo as well as Warrnambool with the main headquarters begin at Essendon. Most helicopter call outs are for life threatening emergencies with a balance of mainly inter hospital transfers.. The paramedic and the pilot that was on duty gave us a talk about their jobs which was very informative. They then took us out to the hanger to look at the helicopter with it's array of lifesaving medical equipment. All helicopters carry blood produces on board which can be administered to patients on the way to hospitals now along with

many other drugs and medical equipment. Our President tried on the special wrench gear that is an essential when they have a rescue in the mountains or sea.

The helicopters have the latest technology on board and are able to travel further even though they are bigger now. We were all so surprised after seeing and hearing about what medical equipment they have on board that a patient would have a good chance of surviving on the way to a hospital. It was a very interesting morning and there was lots of questions about so many things which were answered by the team. Many thanks to them.

We then had a Christmas in July lunch at the Morwell Hotel before heading home.

At our August meeting Janine and Jamie from The Paint Place give us some clues about painting and repair work we can do around the home. They were able to answer a few questions along the way. The Morning Melodies group have been to two more shows at the Downtowner and the walking group continue to enjoy their days out with lovely lunches after their walks.

Cardinia Shire Council arranges new recycling contract

Cardinia Shire Council has entered into a short-term arrangement with recycling processor, Polytrade Recycling, to accept and process a proportion of the shire's kerbside recycling collections.

Despite the limited capacity in the industry, which has made it particularly challenging to find an alternative recycling processor, Polytrade has confirmed it has capacity to accept a significant proportion of the recyclable materials collected from Cardinia Shire.

Cardinia Shire Mayor Cr Graeme Moore said the short-term agreement means a significant amount of Cardinia Shire's recyclable items will once again be recycled instead of going to landfill.

"We acknowledge this isn't an ideal situation, but this new contract will ensure that as much of our kerbside recyclables as possible will once again be diverted from landfill.

"We remain absolutely committed to finding a sustainable, long-term solution for the management of recycling for our community," Cr Moore said.

"Polytrade will also be working towards upgrading its facilities to accept the remaining recycling collected from Cardinia Shire Council in the near future.

"Thank you once again to everyone for your

understanding and patience while we worked to find alternative arrangements and to limit the amount of recyclables going to landfill."

Recycling at home:

Important information

- Your collection days remain the same. Soft plastics (e.g. plastic bags, wrappers, bread bags, etc.) will not be accepted. Soft plastics can be recycled through REDcycle at Coles and Woolworths supermarkets.

To find out what can and can't go in your recycling bin, visit our website at www.cardinia.vic.gov.au/recycling#section-5-what-goes-in-your-recycling-bin

As most of you will be aware, we lost our beloved mechanic, Les, back in March. It's been a very testing time in our workshop without his cheeky grin and quick wit...

BUT... We are excited to announce that we have a new mechanic starting with us on Monday 26th August.

Clint is a qualified mechanic and tyre technician with over 20 years of experience in the industry. His knowledge is extensive and the pride he takes in his work makes him a great addition to our team.

Please feel free to pop down and welcome Clint to the Bunyip Tyre Service Family.

Thank You to all our customers for their continued support and we look forward to doing business with you in the future.

Cheers

OPEN HOUSE

Community Information Session

BUNYIP HALL 38 Main Street Bunyip
Sunday 22 September 2019 from 11am – 2pm

Hanson would like to invite our neighbours and the wider community to an Open House information session to receive updates on the Blasting, Cultural and Historic Heritage, Economics and Geology existing conditions reports that provide the baseline for the impact assessment studies being undertaken by Hanson for the Environmental Effects Statement (EES) to develop a quarry at Sanders Road, Bunyip North. The technical assessments of the project impacts will not be available until public exhibition of the EES in early 2020.

The existing conditions reports can be viewed at <https://www.hanson.com.au/about-us/regulatory-information/bunyip-north-quarry-ees/>.

The Project Manager, representatives of the Department of Environment, Land, Water and Planning and Cardinia Shire Council will be available to discuss the EES, and the relevant specialist consultants will also be available to provide information on the existing conditions reports.

Appointments at 15 minute intervals from 11:00am to 2:00pm can be prearranged with each of the specialist consultants by calling 0437 900 124 during business hours or sending an email to community.bunyipnorth@hanson.com.au.

Hanson would also like to take this opportunity to seek community input.

Bunyip Holiday House

“BEYOND the CLOVER”

Does your insurance company allow you to choose your repairer?

The above vehicle was taken to an insurer recommended repairer who wrote this car off. On the request of the owner it was sent to **Bunyip Panel Works**. We repaired the vehicle to manufacturers standard and now it's back on the road. We have been repairing vehicles for insurance companies for over 30 years.

If you want 'choice of repairer' contact your insurance company to have it added to your policy!

If you have any questions call 03 5629 5260. Peter 0428 516 599 or Sam 0437 608 715.

TALKIN' ...FISHIN' SNAP!

Swivels and Snaps are of a great assistance for changing lures regularly without having to tie knots repeatedly, the smaller they are the better they work, but harder to see what you're doing especially in poor light conditions, mini LED torches are a great help.

Sometimes the weight of a snap can upset the critical balance of a lure, even removing the split rings can have the same effect, so test the swim first and use the lightest or smallest method you can to suit your purpose. Should you not wish to use a snap or snap+swivel then the alternative is directly tying onto the lure by the line.

But be sure to use a knotted loop (surgeon's knot) to the towing point at the nose making it finish as close to the lure as possible, so as not to foul up with the swinging treble hooks. The loop allows free movement and action in the lure, changing lures can be time consuming though, so pick a good one first up! But some lures require this line to lure method to retain their unique swim characteristic, especially those with erratic movements. Storing all your lures can be a problem in one small carry tackle box, as the trebles tend to snag each other like a

'barrel of monkeys', to solve this I use very small bands called 'Loom Bands' a children's craft item. Seems like they are made of a

silicone compound which would explain why they last so long, not like normal rubber bands that deteriorate. Simply hook-up the tail trebles first, then stretch the band over to the front bib, position the centre body trebles under the 'V'. Easy to remove and replace, and keeps the tackle box neat and 'almost' tangle free, certainly better, for sure. Keep spare bands in there too.

Let's all welcome the opening of the trout season, and the use of our Father's Day presents.

Catcha,
The TackleMan ®

Bushfire Recovery Community Newsletter

Subscribe or join the Facebook group

To subscribe to this newsletter, go to:

www.cardinia.vic.gov.au/recovery

email mail@cardinia.vic.gov.au

call 1300 787 624 or ask Council staff at the recovery centre.

The recovery centre volunteers have also set up a Facebook group to share information and give and receive support. Search for the name 'Bushfire Recovery Group - Tonimbuk Hall' on Facebook and request to join.

Below are some snippets from the Newsletter.

We recommend reading the whole Newsletter.

Fleming's Nurseries donates 200 trees for residents

Just in time for spring planting, Fleming's Nurseries has made an incredible donation of 200 bare-rooted trees for residents in fire-affected areas to plant in their gardens. Residents are able to choose from a range of advanced ornamental and fruit trees. Trees can be collected from the Bushfire Recovery Centre in Tonimbuk, or contact the centre to make alternative arrangements. Residents must let Council staff at the recovery centre know when collecting a tree. Please note: As these are bare-rooted trees they **must be collected within the next couple of weeks** and planted as soon as possible.

Community recovery survey

The Community Recovery Committee is surveying residents affected by the Bunyip complex fires, to identify the issues the community believes are most important.

The survey questions cover a range of topics related to the community's recovery, including the removal of dangerous trees, road maintenance, support cleaning up, personal and financial support, and rebuilding.

The committee will use the information to help formulate a recovery plan.

The surveys were sent to residents via email. If you haven't received a survey and would like to take part, contact the committee on 0436 836 093 or email bunyipfiresrc@gmail.com.

Dogs on moving vehicles

When travelling with dogs it is the owner or custodian's duty to ensure the animal is transported appropriately and provided with its essential needs, including food, water, protection from heat or cold and a safe position on the vehicle.

What are the legal obligations of travelling with dogs in cars?

It is illegal to put dogs in the boot of a sedan type car. Dogs can travel in the cabin of the car or behind a cargo barrier in the back of wagon / SUV type vehicles. If on the back of a ute or trailer they must be appropriately tethered or caged.

When travelling, dogs must be provided with adequate ventilation. Containers must have multiple ventilation holes on at least three sides of the container.

Can dogs suffer from heat stress?

Yes, dogs in vehicles and on the back of vehicles can suffer from heat stress and exhaustion during the warmer months of the year. Dogs can dehydrate or even die from heat stress. The interior of vehicles can heat up quickly causing heat stress and potential death to dogs. Dogs must not be left unattended in cars, even with the windows open.

Dogs on utes need extra care in the hot weather. If using a metal cage to transport dogs, ensure it has a roof to provide shade, and that the sides are well ventilated (e.g. meshed rather than solid material). It is also advisable to cover metal floors of cages (and if tethering, the tray floor) with a surface such as rubber, as metal can heat up quickly and burn dogs' paws. In addition, ensure the cage is the right size to prevent cramping and overcrowding. And of course, when stationary, the vehicle should be parked in the shade, dogs should not be left in the cabin of the ute, and they should be left with water.

Travelling with dogs on the back of vehicles

The law in Victoria requires that dogs on utes are restrained either via a tether or cage, so that the dog cannot fall off or be injured when the vehicle moves. The only exception is for dogs that are actively working livestock.

What are the dangers of travelling with dogs on utes? Many dogs nation-wide are killed or injured from travelling on the back of open and moving vehicles each year. Common causes of injury are:

- dogs falling off the back of the vehicle whilst it is moving

- dogs being struck by oncoming or passing vehicles
- dogs being dragged alongside moving vehicles
- dogs attempting to jump from moving vehicles.

How can these dangers be prevented?

If a lead or chain is used to secure a dog, it must be long enough to allow the dog to sit and lie down but short enough to ensure the dog can not reach the sides of the vehicle, get onto the cabin or harass passers-by when the vehicle is parked. Long tethers can be more dangerous than none at all; if the dog does fall off the vehicle it may be dragged or strangled. It is also important to use swivels to attach the tether to both the vehicle and the dog's collar to prevent the chain from tangling. Never use twine, thin rope or similar materials as these can cause injuries if the dog becomes tangled in the tether.

If using a cage, maximise the dog's safety and comfort by ensuring the cage is the right size to prevent cramping and overcrowding, well covered to provide shelter from sun, wind and rain and placed directly behind the cabin to minimise exposure to dust and wind.

Travelling safely with dogs inside vehicles

For best practice, it is recommended that dogs travel in the cabin of the vehicle and are kept either on the backseat in a restraining device or in the open cargo area of a wagon type vehicle behind a cargo barrier.

Dogs need to be adequately restrained when travelling inside a vehicle for the safety of both the dog and human passengers. Unrestrained dogs can cause accidents and should never be allowed in the vicinity of the driver. In the case of an accident, an unrestrained dog may become a projectile and can damage itself and / or the occupants of the vehicle.

Dogs should not be allowed to travel with their head out of the car window; particles of dirt can enter a dog's eyes, ears and nose, causing injury or infection.

If going on a long trip carry dog food, water and a leash and stop regularly to allow the dog some exercise and a toilet break.

Remember, if you love your dog look after it and restrain it when travelling!

<http://agriculture.vic.gov.au/pets/dogs/legal-requirements-for-dog-owners/dogs-on-moving-vehicles>

Entries to be staged between 9am and 12 noon

Floral tributes may be placed in St Thomas Church on Friday in remembrance of your special person/ people.

St Thomas' Bunyip 117th Annual Flower Show

Including

Flowers of Praise and Remembrance

Saturday 26th October 9:30am - 3:00pm

Create and display your
sculpture of a 'Bunyip'
made from recycled products

• \$5 Entry • Kids free •

• Floral Displays • Devonshire tea •

• Cakes • Sausage Sizzle • Raffle •

• Craft Stalls • Plants •

St Thomas' 117th Annual Flower Show

is fast approaching with the date set for Saturday 26th October, 9.30 – 3pm. This year we are asking members of the community whether it be the Kindergarten, Schools, Men's Shed or any interested party, to construct mythical Bunyip using only recycled products. The Bunyip should be able to stand alone or have supports that can be tapped into the ground. These items of artwork will be placed around the grounds of the Church.

In conjunction with the Flower Show will be the Flowers of Remembrance and Praise. People are invited to bring a single flower or a bouquet to be placed in the Church for the service commencing at 12 noon.

There will be a sausage sizzle, Devonshire tea, plant stall, cake stall and much more. There will be a photography section for any budding photographers. If you would like to have a stall on the day, please phone Pam on 0400 599783 with the cost of the stall being \$10.00. Raffle tickets will also be available outside IGA.

BUNYIP Monday -The annual spring show of the Bunyip and District Horticultural Society was Successful. Awards -Basket Pansies: Mrs Wilang, Presentation Basket: Mrs A Burleigh, Hand Posy: Mrs Stark, Arranged Basket: Mrs A Burleigh Woman's Spray: Mrs H Burleigh, Three small Vases: Mrs Bruton, Vase Bulbs: Mrs Paterson, Vase Flowers: Miss Flett, Three Vases: Mrs K Burleigh, Arranged Basket: Mrs K Burleigh, Bowl Flowers: Miss Flett, Posy: Mrs K Burleigh, Cut Flower 3 bunches: Mrs Hocking, Six Bunches: Mrs Bruton, Antirrhinums: Mrs Elliot,

Local police update

(24th June to 26th August, 2019)

By Danny Hower, Victoria Police Sergeant

Hello,

Sorry for the lack of newsletter contribution this year – it's been a busy one.

It is great working with and knowing some of the many groups, volunteers and contributors in our local communities who do so many unrecognised things in different areas. It helps keep our world running smoothly and safely, and we would be in real trouble without them. They're worth being a part of if you can find the time and opportunity.

Congratulations to all netball & football clubs in the local area for getting at least one of each club's teams into the finals, and for a generally police incident free season so far. The result of a lot of hard work from everyone involved, including the players.

Some of the things we've been involved in or had reported to us locally in the past two months were:

Thirty three people & vehicles being field contacted for suspicious behaviour; nine in Bunyip State Park/Tonimbuk; five in Tynong Nth; four each in Garfield Nth, Nar Nar Goon & Longwarry; three each in Garfield & Bunyip; and one in Maryknoll.

Thirteen people going to court for criminal or traffic matters and eleven traffic infringements notices (fines) issued.

Twelve requests for counselling & assistance from other professional agencies.

Eleven Family Violence Intervention orders and six summonses being served.

Nine people arrested with six of them having outstanding warrants.

Seven Family Incident reports; two in Nar Nar Goon; one each in Tynong Nth, Bunyip Nth, Maryknoll, Cora Lynn & Vervale.

Seven firearms being seized and two firearms licences suspended.

Six motor vehicle collisions involving eleven vehicles, human error, and thirteen people in total getting injured.

Four people interviewed for court drivers licence restorations and one more having their licence reviewed medically due to a collision.

One Liquor Licence application processed.

A search warrant conducted at a Bayles house and two people arrested in relation to fraud and identity theft.

Ongoing investigations with Parks Victoria into identified vehicles and people entering the Bunyip State Park illegally and damaging or/and stealing property.

Some other things involved: Burglaries and thefts of tools, cash, alcohol & equipment, as well as damage; at sporting clubs in Garfield, Bunyip and Tynong; farm and residential sheds in Nar Nar Goon x 3, Garfield Nth x 2, & one each at Tynong Nth, Cora Lynn & Bunyip; and two houses burgled - one each in Nar Nar Goon and Bunyip.

A 30 yr old Garfield man having his car impounded & licence suspended as a result of breath test issues.

A 20 yr old Garfield man being remanded in custody in relation to numerous burglaries and thefts throughout local and wider areas (again), as well as colliding into a police car in a stolen car from a Tynong Nth burglary.

A 24 yr old Pakenham man remanded, his mother's car seized, and him being charged with numerous thefts (two previously reported in Tynong Nth) as well as serious driving offences after a very dangerous evading police episode involving most police tactical devices.

An unlicensed 29 yr old Pakenham man temporarily evading police in Tonimbuk due to very suspicious behaviour – then colliding into the bush & being located with numerous unusual and possibly stolen items in his possession and in his body.

A severely drug affected 32 yr old Croydon man and 17 yr old Upp Beaconsfield girl being charged with drug & trespass offences in relation to a Bunyip State Pk incident.

A sad and unfortunate incident with a house fire.

In stolen vehicle world locally we had:

A car stolen from Clyde burnt out in Cora Lynn; one from Gembrook burnt out near Bunyip State Pk; one from Wantirna burnt out in Tynong Nth; one from place unknown burnt out in Maryknoll; & one stolen from a burglary in Somerville located in Bunyip - not burnt out?

We also had a stolen four wheel bike, trailer and stolen property located near Nar Nar Goon, as well as a stolen car from Ripplebrook being involved in thefts in Bunyip then being located in Catani with the stolen property.

It sounds like the worlds out of control when you read this stuff, but most of the people involved are now getting closer to the right help than what they were before intervention, and we're pretty lucky and safe when you consider the spread of the area & time.

Please keep up the contact with us. If you think you need immediate assistance please ring 000. Victoria Police also now have another number – 113444 for any other police assistance or reporting, or you can contact us on any of below details.

Motion sickness

Motion sickness is a common condition that can affect people when travelling by any form of transport, including car, train, boat and plane.

Anyone can get motion sickness, but some people are affected more than others. Infants and toddlers tend to be resistant to motion sickness, while children aged around 2–12 years are most susceptible.

Symptoms of motion sickness

The amount of motion sickness experienced depends on the length of exposure to, and severity of, abnormal movement.

Symptoms include:

a feeling of uneasiness;
sweating;
nausea;
vomiting; and
dizziness.

Treatment

Certain techniques and medicines can be used to help prevent and treat motion sickness.

The following measures may help with motion sickness.

Eat a light snack before travelling. Avoid large, greasy or spicy meals and avoid alcohol. If possible, be the driver or sit in the front seat when travelling by car. When travelling by bus, sit

as close to the front as possible. When travelling by train, choose a window seat facing forwards. If flying, sit over the front edge of the aeroplane wing – the ride tends to be less bumpy. A cabin at the front or middle of a ship, near the waterline, is best.

Try not to move your head around too much – it may help to use pillows or a headrest.

Look out the window and focus on the horizon or a distant stationary object. If you can't see outside, close your eyes.

Keep cool – open the window or use air conditioning.

Avoid reading while travelling.

Reclining in your seat or lying down can help.

Medicines

There are medicines available to help with motion sickness. Medicines should be taken before travelling, because they are more effective at preventing symptoms than treating symptoms after they have developed. Medicines used to treat motion sickness may cause drowsiness.

Available medicines include:

promethazine (e.g. Avomine, Allersoothe) - a type of antihistamine;

hyoscine hydrobromide (e.g. Kwells, Travacalm HO);

a combination medicine containing dimenhydrinate, hyoscine hydrobromide and caffeine (Travacalm Original).

You should always check with your doctor or pharmacist whether medicines are suitable for you or your child before taking them.

Rotary Club of Bunyip – Garfield

Over the past few weeks the club has been extremely busy conducting its Annual Primary Schools Debates. Many thanks to all the schools who participated and assisted during this time. A very special thanks must to Bill Clapp for his organisational skills.

The club also helped out with the Garfield PS Father's Day Breakfast, cooking over 12 dozen eggs and kilos of bacon. An early start on a cold and foggy morning, but most definitely a worthwhile event.

Over the next couple of weeks the club will also be assisting with property clean up in Garfield North and a Tree Planting Day in conjunction with Landcare and the Cardinia Shire at the Old Garfield North School site.

Rotary

In the last newsletter we mentioned that the club had distributed several thousand dollars to various local community groups. This has continued with the club distributing just over \$3000 to local schools and kinders to use on the wellbeing of the students.

We love distributing money to groups but to do this we need to raise funds and to raise funds we need people to help. If you have ever thought about joining Rotary please give John a call on 0407 357 422. It is no longer the "old fuddy duddy" club, but a group of people who enjoy helping others.

Three Aussie guys, Shane, Ricky and Jeff, were working on a high-rise building project in Wagga Wagga. Unfortunately, Shane falls off the scaffolding and is killed instantly.

As the ambulance takes the body away, Ricky says, 'Someone should go and tell his wife.'

Jeff says, 'OK, I'm pretty good at that sensitive stuff, I'll do it.'

Two hours later, he comes back carrying a case of beer.

Ricky says, 'Where did you get that, Jeff?' 'Shane's wife gave it to me.'

Ricky continues, 'That's unbelievable, you told the lady her husband was dead and she gave

you the beer?'

Well not exactly,' Jeff said. 'When she answered the door, I said to her, "You must be Shane's widow". 'She said, 'No, I'm not a widow. 'And I said, 'I'll bet you a case of beer you are.'

What is "Friends of Bunyip Community House"???

THE BUNYIP AND DISTRICT COMMUNITY HOUSE WANT TO RECRUIT A GROUP OF WILLING AND FRIENDLY VOLUNTEERS WHO CAN HELP US CONTINUE TO PROVIDE A VITAL SERVICE TO OUR COMMUNITY.

How much time do I give?
As little or as much as you have.
1/5/10 hours.
Any time will help us!

???

Possible Tasks:
Fundraising.
Admin.
Help to run a course/club
Help at events.
Opening the house if staff are away.

SKILLS AND JOBS CENTRE

BUNYIP & DISTRICT COMMUNITY HOUSE

WITH TAFE SKILLS & JOB CENTRE & MAXIMA JOBLINK

maxima JOBLINK

WANTING TO RETURN TO WORK?

WE HAVE THE COURSE FOR YOU!

Starts: Tuesday 8th Oct
9am - 12noon

WHERE? Bunyip Community House.

WHEN? 8th Oct - 3rd Dec.

COST? This is a free course open to all.

WHY? Learn new skills, meet new people!

MORE INFO? email: coordinator@bdch.com.au or tel: 03 5629 5877

Wk1: Welcome & course intro.

Learn what the course involves, get to know the tutors & the other participants.

Wk2: Resumes

Provides an overview of what to include and what not to include in a resume. Focusing on appearance, formatting and including tips and tricks from the professionals. You are encouraged to formulate your own resume and are also offered one on one appointments with our resume experts to craft the perfect resume.

Wk3: Employability Skills

What are employability skills? Do I have them? How do I get them? A session to go over the basics such as a jobseeker's appearance, punctuality and reliability while also discussing effective communication and other skills regarded highly by employers.

Wk4: Hidden job market

Where are the jobs? We discuss how to use your connections and day to day interactions to uncover those hidden jobs by using a number of techniques including networking and cold calling job market.

Wk5: Rights & responsibilities in the work place

Occupational Health & Safety, Your payment rights & responsibilities, Criminal reporting

Wk6: Interview skills

An interactive workshop which discusses interview techniques, stress and behaviour. Role playing and the do's and don'ts of a job interview. Helps to prepare you for various types of job interview and gain those nerves.

Wk7: Dress for success

A chance to find an outfit for interview. Practice make up with our numeracy rep, get others opinions on what looks best and tips on feeling confident in your new look.

A fun day before the interview! Lunch provided.

Wk8: Mock interviews

Bringing all of your skills from the past few weeks together. A real life interview situation with some local employers and our tutors.

Proudly supported by customers and shareholders of Bunyip & District Community Bank* Branch
