Market Foundation Members Thanked

Outgoing Bunyip Community Market foundation committee members Tony Arrigo (President) Roman Kulkewycz (Secretary) and Carmelina Arrigo (Treasurer) were acknowledged and thanked for their work in forming the solid foundation that the Bunyip Community Market is today.

A lunch to thank them was held at the Garfield Hotel last Thursday 27th February.

The original market was formed in 2009 to raise funds for the Bunyip Soccer Club. Tony, Carmelina and Roman are also foundation members of the Bunyip Soccer Club. Originally the market was held on the Bunyip Soccer Club site as a Car Boot Sale before progressing to its current location with stalls in excess of 100 each month. In 2014 it was registered as its own entity as the Bunyip Community Market.

The new Bunyip Market Committee with fresh new ideas and enthusiasm has taken the market to a new exciting level ensuring its longevity.

A "thank you" cake was enjoyed during the lunch.

Hello from the Bunyip Cemetery Trust.

It's time to update you on your local community cemetery.

Visitors are constantly congratulating our team on the love and care that goes into the grounds and environs of this community resource.

The trust team of volunteers in conjunction with our secretary and maintenance team are constantly trying embark on new initiatives as well as keeping the grounds and buildings safe and attractive.

We have been chosen by the Government to participate in a statewide project in regard to effects of Climate change on cemeteries in general .

Being in a bushfire prone zone we believe this is appropriate!!
The Trust has also agreed to a cemetery grave mapping project involving underground scanning of the cemetery to assist in future planning.

For any inquiries in regard to your local cemetery our email contact is bunyipcemetery@dcsi.net.au

TALKIN' ...FISHIN' LOCATION, LOCATION

As we all get on a bit, the locations and our favourite fishing spots we love to visit get quite overfished along with others that also use it and then tell their Mates. New territory is always on the go, but time and fuel prices mean we can't be running around all over the countryside looking for rivers and streams that might be there. That's the old way of doing things, information is 'Key.' It used to be simply grilling your Mates for their secret locations, running just short of torture and blackmail to get the latest information out of them for their best marks and hottest spots.

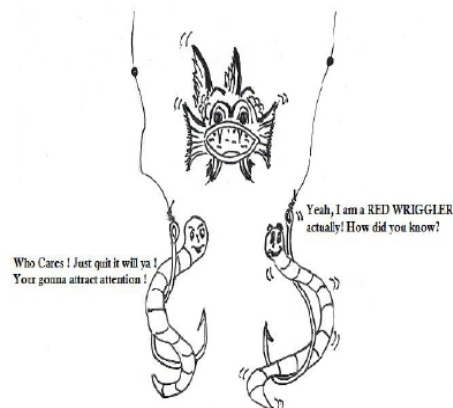

The availability of GPS units and grid co-ordinates these days have amazing accuracy sometimes within 3-5 Metres taking the guesswork and fail potential out of the equation. Even your mobile phones have the tracking capability to pinpoint your location, a plus is the safety factor in there as well, and should you need rescue.

Scouting new locations can be done from the comfort of your kitchen table. **Google Maps** and **Google Earth** allow you to scan the terrain from overhead satellite imagery, with the added feature of zoom to get an even closer inspection of a possible site. Although you won't be able to spot the fish, you can see their habitat and access roads or vantage points or incoming waterways, ending your walk.

Vision is available within this media in map form or photographic type images, although not in real time, delayed images will not affect you too much, unless you find a shopping centre built there when you turn up in vest and waders.

Scan your local rivers and countryside looking for new access and landings. Look for creek junctions, sandbanks and runs, keep the details and **save** or **pin** into your phone or GPS unit.

Remember this also can be applied to the Bay, mainly shallows at low tide, like Westernport offers. Spotting sandbanks, runoff branches, and reefs, plot these for your next trip out. But remember to delete the dud spots and the successful ones commit to memory and chew, and then swallow. Good Spotting!

BRAG's Environmental Statement on Nuclear Power in Victoria

BRAG 100% supports renewable power backed by batteries because:

RENEWABLE ENERGY	NUCLEAR ENERGY
Sun and wind (the basic ingredients) are free.	Nuclear energy has ongoing extraction and disposal costs.
Renewable energy is water free. This water can then be used for agriculture or human consumption.	Nuclear energy uses more water than coal and is vulnerable to shutdowns if water is scarce (for instance, in a drought).
Renewable energy has components that can be recycled at the end of their lives.	Nuclear waste recycling is expensive and time-consuming. Australia does not currently have a nuclear waste storage facility.
Renewable energy is being developed and maintained right now by Australians.	The skills and workforce to build and maintain nuclear power plants would have to be imported and trained overseas.
Renewable energy installations are insured by the operator.	The high risks of nuclear power plants mean they will have to be underwritten by the taxpayer.
Solar, wind, hydro-power and batteries can replace coal within a decade (with the help of gas).	Nuclear energy will take at least 20 years to replace coal and will double the cost of electricity to the consumer.
Renewable energy (including roof top solar) already supports ageing coal power stations by preventing power outages. The battery costs to firm supply are also rapidly reducing.	Operators of our ageing, privately-owned power stations have said that they will close their plants within 10 years. Operators such as AGL are already investing in renewables.
Solar and wind farms are compatible with agriculture and provide farmers with income diversity and increasing productivity.	

BUNYIP- GARFIELD PROBUS CLUB

The guest speaker at our first meeting for the year was Rob Hutchinson from the Drouin Bendigo Bank talking about Scams and how to avoid being caught out by them. If it looks too good to be true then it's not. The Scammers are getting smarter and if their scam doesn't work they develop a new one trying to catch people out. We just have to be so careful with anything such as emails and bogus phone calls that try to get us to give out our personal information of any kind. There were many questions for Rob at the end of the meeting.

The Fabulous Films Group saw Desk Set with Spencer Tracy and Katharine Hepburn which was a bit different but enjoyable. We then have a lovely afternoon tea and lots of talking.

Our outing this Month was to the Cardinia Culture Centre to see The Bobby Darin Story. On arrival we had a Devonshire Tea before the show started. Rod Gilbert is a talented jazz artist and has been a member of a number of jazz bands and has worked overseas as well in Australia. Rod began the show with finger snapping songs like Dream Lover, Beyond the Sea, Mack the Knife, and many more as well he talked about Bobby life and others. A good show with a great Band that supported Rod. After we went out for lunch.

Dig into Council's Compost Giveaway

Cardinia Shire households can reap the rewards of having a food and garden waste kerbside bin with the Compost Giveaway.

In partnership with the Cardinia Environment Coalition, Cardinia Shire Council is giving two 25L bags of compost to households using a Council food and garden waste (lime green lidded) kerbside bin.

To participate, households will need to register. Registered households can collect their compost from the CEC Nursery Coalition Nursery at Deep Creek Reserve in Pakenham on Fridays 9am-12pm (midday) or the last Saturday of each month 9am- 12pm (midday).

The Compost Giveaway is open now until Saturday 28 June or while stocks last.

Cardinia Shire Mayor, Councillor Jack Kowarzik is excited about the initiative.

"It is great to be able thank households for the positive impact they have on the community and the environment by using Council's food and garden waste bins"

"The content from these bins gets turned into compost for Victorian farms and community gardens to improve their soil quality."

"Now our residents can also improve their soil quality and return valuable nutrients back to their own gardens at home thanks to their food and garden waste bin."

For more information and to register for the Compost Giveaway, go to www.cardinia.vic.gov.au/wasteworkshops

To be eligible for the giveaway, the household must have a Cardinia Shire Council food and garden waste kerbside bin. The food and garden waste bin is a paid, optional service, collected every 2 weeks. To order this bin, go to www.cardinia.vic.gov.au/greenbin

Garfield's Dr. Mary Cole Award Finalist

By Roman Kulkewycz

Dr. Mary Cole of Garfield is one three inspiring Victorian women named as finalists for the 2025 AgriFutures Rural Women's Award, recognising their leadership, innovation, and contribution to rural industries and communities.

This award celebrates women driving positive change in rural and regional Australia by empowering them with the skills, support, and leadership opportunities to shape their industries and communities.

Now in its 24th year, the award is a nationally recognised program of influence, providing each state and territory winner with a \$15,000 Westpac grant, professional development opportunities, and access to a powerful alumni network.

Dr Cole is a leading scientist, educator, and founder of Agpath, a biological farming research and education centre helping farmers reduce costs, improve soil health, and build more sustainable businesses. She holds a PhD in plant pathology from Monash University carried out at Monash University, South Australian Dept of Primary Industries & UCLA, Davis, California. Lectures in plant pathology, in particular, grape vine diseases, but agricultural and environmental pathology in general; microbiology of soil and biological/organic and biodynamic principles including the soil food web.

With a remarkable 45 years of experience, Dr Cole has devoted her life to safeguarding the health of our soil, particularly through her advocacy for regenerative agriculture – a conservation and rehabilitation approach to food and farming systems. Her focus includes topsoil regeneration, biodiversity enhancement, water cycle improvement, ecosystem services, bio-sequestration support, and the overall health of farm soil and the need to foster resilience to climate change.

Dr Cole is the current Cardinia Shire's 2024 Senior Citizen of the Year.

The Victorian winner will be announced in March at a ceremony in Melbourne and will then go on to represent Victoria at the National Award in September at Parliament House, where the national winner will receive \$20,000.

Council invites all potential volunteers and residents who can benefit from these workshops to take advantage of this opportunity to grow their skills while contributing to local initiatives. "We invite anyone interested in volunteering or looking to improve their skills to join us for these free workshops," said Cardinia Shire Mayor Councillor Jack Kowarzik. "These training sessions will not only provide helpful skills but also open doors for more involvement in local projects."

Sessions from March to June will cover a range of topics including:

St.Thomas' Anglican Church A'Beckett Road Bunyip

Wednesday the 5th March marks the beginning of the church's Lenten Season. As a penitential season of 40 days Lent is marked by prayer, fasting and alms giving. It is a time of preparation prior to the great festival of Easter when we will celebrate the Lord's Resurrection.

At St. Thomas' Lent will commence with a special Eucharist on 5th March at 11.45am. This Service will include the Imposition of ashes (marking of the forehead with ash) as a sign of penitence. Following the Service a light lunch of Soup and Bread/Rolls will be served in the Parish Hall. All are welcome.

MARCH SERVICES AT ST. THOMAS

10am every Sunday. This service is followed by morning tea in the Parish Hall.

Our mid week Eucharist is held every Wednesday at 11.45am. This Service is followed by lunch in the Meeting Room in Parish Hall.

ST. THOMAS' OP SHOP

Come and visit our wonderful Op Shop which is open on Thursdays and Fridays between 10am and 3pm. There is always a bargain to be found.
